

Dinesh B

Java Full Stack Developer — Cloud Computing — Data Science & AI

✉ kmdineshb762003@gmail.com 📞 9360452836 Salem, India

🌐 [LinkedIn](#) 🐙 [GitHub](#) </> [LeetCode](#) 🏆 [HackerRank](#) 🌐 [Portfolio](#)

PROFESSIONAL SUMMARY

Full Stack Developer experienced in developing web applications using Java, Spring Boot, React.js, Laravel, JavaScript, and SQL. Experienced in certificate management systems, HRMS applications, website development, REST API integration, and database management. Familiar with cloud technologies, website deployment, OTP authentication, SMS notifications, and payment gateway integration. Currently expanding knowledge in Cloud Computing, Data Science, Artificial Intelligence, and Machine Learning to develop practical and scalable software solutions.

EDUCATION

B.E. – Computer Science and Engineering	2021 – 2025
AVS College of Technology	79%
HSC	2020 – 2021
Govt. Hr. Sec. School, Pethanaickenpalayam	80%
SSLC	2018 – 2019
Govt. Hr. Sec. School, R. Pudupalayam	78%

TECHNICAL SKILLS

Programming	Java, Python, C, C++, SQL, NoSQL
Frontend	HTML, CSS, JavaScript, React.js
Backend	Spring Boot, Laravel, REST APIs
Database	MySQL, MongoDB
Cloud and DevOps	AWS, Cloudflare, Jenkins, Maven, Docker, GitLab CI/CD, Kubernetes
Architecture	Monolithic Architecture, Microservices
Tools	VS Code, Eclipse, IntelliJ IDEA, Git, GitHub, Anaconda Navigator, Antigravity, Code::Blocks
Testing	Postman, Playwright, Selenium
Messaging	Apache Kafka, ActiveMQ
Integrations	OTP Authentication, SMS, Notifications, Razorpay Payment Gateway

WORK EXPERIENCE

Hariom Pooja Service, Salem	Oct 2026 – Present
<i>Full Stack Engineer</i>	

Websites: [Hariom Pooja Service](#) — [Sri Aadhi Varahi Foundation](#)

- Develop and maintain full-stack web applications using React.js, Laravel, JavaScript, HTML, CSS, and databases.
- Build and maintain websites for Hariom Pooja Service and Sri Aadhi Varahi Foundation to support their online services.
- Implement OTP-based authentication and integrate SMS services for user verification, communication, and notifications.
- Integrate the Razorpay payment gateway to support online payment workflows and transaction processing.
- Configure Cloudflare for DNS management, website security, traffic management, and performance optimization.
- Handle website deployment, server configuration, maintenance, and troubleshooting.
- Develop and maintain the TNCL and VSA Sports websites, implementing responsive interfaces, website features, and updates.

Tech S Cube, Salem	May 2026 – Sep 2026
<i>Junior Software Developer</i>	

Institute Certificate Generation Portal

- Developed an Institute Certificate Portal using Java, Spring Boot, React.js, JavaScript, HTML, and CSS.
- Implemented certificate creation, management, and generation features based on institute requirements.
- Integrated MySQL database operations to manage certificate and user-related information.
- Developed REST APIs and connected frontend components with backend services.

HRMS – Human Resource Management System

- Developed and maintained an HRMS application for employee information and HR-related operations.
- Implemented employee management modules and organizational data management features.

- Developed frontend components using React.js, JavaScript, HTML, and CSS.
- Built backend services using Java, Spring Boot, and REST APIs.
- Managed MySQL database operations and implemented CRUD functionality.
- Fixed bugs, enhanced existing features, and supported ongoing application development.

Website Development and Maintenance

- Developed and maintained websites and web applications according to project requirements.
- Implemented features, resolved issues, and improved website functionality and responsiveness.
- Worked on frontend, backend, and database updates using React.js, Java, Spring Boot, JavaScript, HTML, CSS, and SQL.

VCodez, Chennai

Oct 2025 – Apr 2026

Java Developer Intern

- Developed application functionality using Java and Object-Oriented Programming concepts.
- Implemented basic CRUD operations and SQL database connectivity.
- Assisted with debugging, testing, and improving application functionality.

CERTIFICATIONS & COURSES

- **Full Stack Development** – Besant Technologies
- **Data Science & Artificial Intelligence** – Infosys SpringBoard
- **AWS Cloud Computing** – BTree Technologies
- **ICC Coaching, Umpiring, Sports Analytics & Physio** – ICC

SELF-LEARNING & TECHNOLOGY EXPLORATION

Fundamental Level

- **Machine Learning, Deep Learning, Neural Networks, and Quantum Computing** – Exploring fundamental concepts, algorithms, applications, and emerging technologies.
- **Software Testing and Debugging** – Practicing application testing, identifying bugs, debugging, and improving software reliability.
- **SEO & Digital Marketing** – Basic knowledge of search engine optimization, website visibility, website ranking, and online advertising.
- **Designing & Content Creation** – Basic design skills using Canva, Figma, and CorelDRAW.
- **Video Editing** – Basic video editing and digital content creation.
- **Computer Hardware** – Learning computer components, hardware configuration, troubleshooting, and maintenance.
- **Computer Networks (CN)** – Fundamental knowledge of networking concepts, protocols, IP addressing, and network devices.
- **Operating Systems (OS)** – Fundamental understanding of processes, memory management, system management, and file management.

ACHIEVEMENTS & ACTIVITIES

- Represented the team in YSCL U-19 South Zone (2022).
- Secured Runner-Up position in the Tamil Nadu T20 Championship, Puducherry (2023).
- Competed in TNCL from 2023 to 2026.
- Represented A-Division, Salem District Cricket Association, during 2025–2026.
- **Hackathon Participant – 2024:** Participated in a college-level hackathon, collaborating with team members on problem-solving, coding, and project development.
- **College Best Project – 2022 & 2024:** Recognized among the top five college projects for technical implementation, creativity, and practical application.

AWARDS

- **Rising Star Award – PEFI District Level (2025):** Received recognition for performance and contribution to cricket at the district level.

LANGUAGES

English – Professional Working Proficiency

Tamil – Native or Bilingual Proficiency
